THE MOST WONDERFUL Discovery of the Age.

THIS remarkable preparation contains no alcoholic stim-uleut, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the secretions and secre-tive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to completely restore their impaired or lost functions. All this the propri-etor has a right to say, for it has done all this for him. At the age of thirty-seven he was as gray as the man of sev-enty, and his hair nearly all fallen off; but he now has an shundant crop, and no person would ever imagine that he ever had a gray hair; and his hair is as soft and pliable as though it had been recently oiled. This is not an isolated case; it has done the same for many others, as the following certificates abundantly prove.

Prof. O. J. Wood-Dear Sir: Unsolicited I send you this certificate. After being nearly baid for a long time, and wing tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the loung hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong—soft and pleasant to the touch, whereas before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things—and who has not?—but have never hitherto seen any case in which any person's hair was really benefitted by the aid of the hair Now I have read of these things-and who has tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Territory. The people here saw its effects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholesale agents of the Territory is already exhausted, and daily inquiries are made for it. You deserve credit for your discovery. I, for one, return you my thanks for the benefit it has done me, for I certainly ad despair d long, long ago of ever effecting any such re ult. I congratulate you that your fortune (and a large one) is already made. Yours, hastily,

Camara, III., June 27, 1858. I have used Prof. O. J. Wood's Hair restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray but by the use of his Restorative, it has resumed its original color, and I have no doubter the color of SIDNEY BREESE, Ex-Senator United States.

Prof. Wood-Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troubd from childhood, and has also restored my bair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure and profit. Yours, truly, J. K. BRAGG.

114 Market st., St. Louis, Mo., March S, 1855. Dear Sir: I am doing an extensive travel in the Western and Southwestern States, as General Agent for Adams' American Limnent, and would be glad if you would favor me with a consignment of Prot. Wood's Hair Restorative, as If feel assured that I can introduce it in many places where it is not known, as my own head is a living testimony of its valuable properties, in restoring hair to its natural color.— I am forty years old, and my hair was almost white, but after using three half-pint bottles, my hair is as beautiful auburn as it was at eighteen, and much improved in appe ance, and I would not be without a bottle on hand for price of ten. I should be glad to attend to any matter that is connected with the Hair Restorative. I have been for thirteen years engaged in the same business, and will be glad to hear from you soon. My address is Paris, Tenn. Very respectfully,

GREAT SALE OF TOWN LOTS IN KENTUCKY CITY.

ON MONDAY, OCTOBER 22d, 1555, a sale of Lots O in KENTUCKY CITY will commence at public outcry, and continue from day to day until all are disposed of. The rapid growth and future permanent prosper-ity of this place being the prominent object with the Pro-printors, all the lots will be sold without reserve, and on the most f.iberal Terms, both as to time and manner of

payment.

This Town is located in the county of Hickman, State of Kentucky, upon the East bank of the Mississippi river, 15 miles below the mouth of the Ohio, and just below and adjoining the present town of Columbus, and has within its corporate limits the Depot and Station Grounds of the great Mobile and Ohio Railroad, at its Northern terminus. It would be out of place in this advertisement to dwell at length, and in detail, upon all the advanta-ges of this location, and the brillian' prospects of a city so fortunately situated, and being a terminal point of such a road upon such a river; but let the inquirer look at nent facts and reason for himself. Kentucky City the prominent facts and reason for himself. Actuacy they has a high and healthy locality—protected from all inundations, by the nature of the grounds, the heighth of the river bank and the necessary embankment for the Railroad track; it is surrounded by a fertile and healthy country, rapidly settling. It front is washed by the mighty "Father of Waters," navigable from this point at all seasons I the year for the sargest class steamers, with a permanent and endur-ing bank, and having confessedly one of the best and most secure harbors to be found from New Orleans to St. Louis.— Kentacky City is in direct connection with the Mobile and Ohio Railroad, having its Depot within her limits. By steamboat connection, which has been arranged, we will be in daily communication with the great Illinois Central Railin daily communication with the great lilinois Central Kall-mond at Cairo, and also by a like connection with the Cairo and Fulton, or great California route, the road now fondly cher-ished by the three States of Missouri, Arkansas and Texas, as also the St. Louis and Iron Mountain Railroad, one branch of which is proposed to terminate on the West bank of the river opposite our town. The Mobile and Ohio Rail-road comes up to us from Alabama, passing through Mississippi and Western Tennessee, its cars freighted with the sugar, the cotton, the rice, and tropical fruits of the South, MARSHALL'S UTERINE CATHOLICON,

Kentucky City being thus brought within twenty-fourthours' run of either, is about equal distance between the Southern Gulf entrance to the Atlantic and the cities of the Northern Lakes. The interchange of commodities, the legitimate trade and barter in the products of different climes must take place here; here must they stop, here be stored, and here transhipped. FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills - one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Cosintery, Humors, Scrofula and Scurvy, Colds with soreness of the Ulcers and impurity of the blood; in short, any

and every case where a purgative is required. They have also produced some singularly successful cures in Rhanmatism, Gout, Dropsy, Gravel Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, reno vate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions see wrapper on the Box. PREPARED BY JAMES C. AYER. Practical and Analytical Chemist LOWELL, MASS. Price 25 Cents per Box. Five Boxes for \$1.

CONSUMPTION. This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too appa rent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affect tions of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Colus, Coughs, Hoarseness, &c.; and for

CHILDREN it is the pleasantest and safest medicine that can be obtained. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by -BERRY & DEMOVILLE, Wholesale, Nashville, and Retail by BROWN & GRUBBS, Nashville; and sold by all dealers in medicine in every town in Tennessee.

TO THE PUBLIC Of the United States.

A N advertisement of Mr. UDOLPHO WOLFE, lately published, as I suppose, intended for the protection of his Schiedam Schnapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schiedam Schnapps, were I to let it pass without notice my observation, and being engaged in the manuscate of Schiedam Schnapps, were I to let it pass without notice through this medium, I might be considered among those he denominates "Pirutes and Venders of Poison;" but the immense patronage and success that has atte-ded the sale of the article manufactured by me, and the opinion of sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugn. No doubt he feels aggrieved at the depreciation of the sale of his Schnapps, which is manifest to all, since mine has been brought into competition with his. Not only have I succeeded in competing with him in quality, but the constant and increasing demand for my article, has enabled me to furnish it at a less price than he can, or does—say \$2 in the dozen. it at a less price than he can, or does—say \$2 in the dozen.
